SKILLS

- **Languages**: C++, JavaScript
- **Frameworks/Libraries**: HTML and CSS, Bootstrap, NodeJS, React
- **Databases/Tools** : MySQL, MongoDB
- **Soft Skills**: Problem-Solving Skills, Team Player, Project Management, Adaptability

SUMMER TRAINING

- **Geek for Geeks – Data Structures And Algorithms**   July 2023
  - Grasped the intricacies of incorporating Data Structures and Algorithms (DSA) into programming.
  - Successfully designed and implemented a comprehensive web application using C++. Phone Directory Management System.
  - Applied DSA concepts within the context of software engineering best practices in C++, ensuring clean, maintainable, and scalable code.
  - Hands-on experience working with technologies to create solutions for problem statements, ensuring efficiency and optimization in my coding practices.

PROJECTS

- **HTTPPaw :**   July 2024
  - Built a project that fetches and displays dog images based on HTTP status codes, integrating functionalities for searching, viewing, and saving images.
  - Implemented secure authentication mechanisms using JSON Web Tokens for user login and signup, with backend endpoints hosted on Render and the frontend on Vercel.
  - Managed code versioning with Git, maintaining a clean and organized repository for collaborative development.
  - Used Express and Node.js for the backend, providing efficient data handling and secure communication between client and server.
  - Employed MongoDB for database management, enabling efficient storage and retrieval of image and user data.

  Tech: MERN Stack, JSON Web Tokens (JWT), Git, Vercel, Render

- **A Café Website**:   Sept 2023
  - Implemented essential features, including seamless order placement and booking functionality.
  - Developed features for the application and created a new landing page toenhance customer experience.
  - Utilized javascript to enable more convenient searching for menu items according to price budget filtering.
  - Incorporated various animations to elevate the overall user experience and engagement.

  Tech: Web Application |Programming Languages: Bootstrap, JavaScript, HTML

CERTIFICATES

- Developing Front-End Apps with React | IBM | COURSERA   March 2024
- Data Structures And Algorithms Self-Paced (C++) by GFG.   July 2023
- Tech-A-Thon | iNeuron   Sep 2022

ACHIEVEMENTS

- **Secured First Position in Verbal Ability Quiz contest**   Feb 2023
- **Played XX National level Navodaya Vidyalaya Archery Meet**   2017-18

EDUCATION

- **Lovely Professional University**   Punjab, India
  Bachelor of Technology - Computer Science and Engineering; CGPA: 7.54   *Since August 2021*

- **Dnyandevrao Bapu Dandge High School**   Dhad, Buldhana
  Intermediate; Percentage: 78.8%   *April 2018 - March 2020*

- **Jawahar Navodaya Vidyalaya**   Kannad, Aurangabad
  Matriculation; Percentage: 78.08%   *April 2016 - March 2018*
